Purpose: To request vaccine from the North Carolina Immunization Program

Preparation: Complete original and retain one copy for your records

Distribution: Vaccine orders may be faxed or mailed to:

Fax: 1-800-544-3058

Immunization Branch
1917 Mail Service Center
Raleigh, NC 27699-1917

If an order is faxed, do not mail the order!

Additional forms may be ordered from the above office, as well as printed online.

How to use this form:

1. Review your doses administered data by taking the following steps:
 - a. Total all doses administered from the previous month for each vaccine type. Enter the number in **Previous Month Doses Used** column.
 - b. Multiply **Previous Month Doses Used** column by three and enter this number in the **Doses X 3** column.
2. Inventory current stock.
 - a. Rotate stock to ensure vaccines with the shortest expiration dates are used first.
 - b. Enter inventory amounts in the **Doses on Hand** column, by type, lot number and expiration date.
 - c. If you have more than three lot numbers to record for a vaccine please use the supplemental inventory form provided.
- * Orders missing **Doses on Hand** information may result in processing delays.
3. Complete your vaccine order:
 - a. Subtract **Doses on Hand** column from the **Doses X 3** column.
 - b. Enter the difference in the **# Doses Requested** column. Round up to the unit shipping size.
 - c. Fax or mail your order to the Customer Service staff.

Disposition: Retain a copy of the completed form for three years or destroy when agency need ends.

Remember: Your Vaccines Administered Logs (VALS) are due to the Immunization Branch by the 10th of every month. Failure to send those in could delay the processing of your vaccine order.
