5. Where would you click to enter an immunization that has been administered?
- New Immunization Entry button
 - Historical Immunization button
 - Edit Client button
 - Add Selected button

6. Where do you click to edit immunization (dose) information?
- 1
 - 2
 - 3

7. Where do you click to print a patient copy/official record of immunization?
- Reports button
 - Print button
 - Print Confidential button

8. What would you do if a patient's immunization history is incomplete in the NCIR and you have their complete shot record?
- Nothing, because you can only enter doses administered at your practice
 - Click Historical Immunization button to document vaccines
 - Contact the facility that administered the doses so that they can enter the shot records into the NCIR

9. What information should be documented in the NCIR after a dose has been administered at your pharmacy?
- Store name and store number
 - Immunizing pharmacist's name & credentials and date of administration
 - Vaccine trade name and vaccine lot number
 - All of the above

10. A user needs to document an immunization given at his pharmacy. After entering information in the Provider Organization and date columns, where should he click to enter the trade name and lot number information?
- Edit Client button
 - Save button
 - Save and Submit button
 - Tradename Details button
